Success is measured by meeting or exceeding student, employer, and community expectations, and is shown by continued referrals and recommendations, employment of our students and pride in the accomplishments of ORT among the community and the pool of volunteers.

Expected new jobs

Projected growth in Business Management positions*

Career Outlook

According to U.S. Department of Labor, employment of Administrative Services Managers and Business Management related occupations are expected to increase by 12%, and to grow about as fast as average for all occupations through 2018. Employment in management services and consulting should grow as companies increasingly look to outside specialists to handle a myriad of administrative tasks that have become increasingly complex and expensive. Demand should be strong for facility managers because businesses increasingly realize the importance of maintaining, securing, & efficiently operating their facilities.
